### History:

Hi my name is Blas T. Díaz. I was born in CD. Valles, San Luis Potosi. I lived in San Vicente Tancuayalab until I was 10 years old, then I moved to Houston, TX. In 2018, my Dad gave me land and I decided to start my own egg farm in San Vicente Tancuayalab. I name the farm HuastecaMX for the region of the Huasteca. I looked at the cryptocurrency world and I saw the opportunity to create a token that could keep its value, one that could be back by a physical chicken. This is how HuastecaMXToken was born.

HuastecaMXToken is a project like no other. Each HuastecaMXToken represents a physical chicken from my farm.

## 1. What is HuastecaMXToken

---

HuastecaMXToken is a Token created in the Waves Platform.

Each HuastecaMXToken represents a physical Egg Producing Chicken in HuastecaMX Farm in San Vicente Tancuayalab, San Luis Potosi, Mexico.

**Issuer:** 3P3csbyrGK8bJrmzBjYVYiH6cL5p9HSf5Dd

**ID:** 7sFAPr7ftWpkVF7rrYTTdYeJ2oNHk67YxQH4xHp6vncv

**Name:** HuastecaMXToken

**Total amount:** 100,000

**Decimal points:** 4

**Type:** Not reissuable

**Issue date:** 26.03.2019 22:35

**Description:** Each HuastecaMXToken represents a physical Egg producing Chicken in HuastecaMX Farm in San Vicente Tancuayalab, San Luis Potosi, Mexico.

HuastecaMXTokens is a token in the Waves Platform and can be traded in the Waves DEX.

<https://wavesplatform.com/>

To purchase and trade HuastecaMXToken you must have a Waves Wallet.

## 2. Project Key Components

---

This is the key part of my project and will help you understand the value of the project.

### Egg Producing & Chicken Value

The Chicken of choice to produce eggs and the one that will be purchased by HuastecaMX Farms will be the **Lohmann Brown**. Each chick will be purchased at approximately 0.50 USD. All receipts will be presented to HuastecaMXToken Holders.

- The Chickens in HuastecaMX Farms will not be caged.
- Approximately 5 months are required for the chicken to start producing eggs.
- Each Chicken will produce an average of 1 egg per day.
- All Chickens will receive proper vaccination

We will like to grow and double our farm ASAP. As the numbers grow the value of our HuastecaMXToken will represent 2 chickens the 3 then 4, hopefully in a short amount of time. All indication of growth will first have to be certified and presented to HuastecaMXToken Holders. A vote will take place to determine if HuastecaMX farm can place more HuastecaMXToken in the DEX.

- After a Chicken or Chickens stops producing eggs, the HuastecaMXToken Holders with a determined amount of HuastecaMXTokens will be presented with information and a vote will take place.
- The vote will be regarding to take the decision to sell the Chicken or Chickens.
- If the majority of HuastecaMXToken Holders decide not to sell the chickens then the chicken or Chicken will not be sold.
- If Majority of HuastecaMXToken Holders Vote to sell the Chicken or Chickens not producing eggs, then the Chicken or Chickens not producing eggs will be sold.
- The transactions information such as receipts will be presented to HuastecaMXToken Holders by a HuastecaMX farm official within two business days.

- A determine amount of Cryptocurrency made from selling the not producing eggs Chicken or Chickens will be use by HuastecaMX farm to purchase HuastecaMXTokens from DEX in Cryptocurrencies.
- HuastecaMX Official will also inform of the date that HuastecaMX farm will purchase HuastecaMXToken with cryptocurrencies, from HuastecaMXToken Holders from a DEX only, and specify which DEX and the amounts in a determine Cryptocurrency. This informacion will be present to HuastecaMXToken holder able to cast votes.
- The Cryptocurrencies used by HuastecaMX farm to purchase HuastecaMXToken will come from the transaction of selling the Chicken or Chickens not producing eggs minus the amount to replace the not producing egg chickens.
- To replace the chicken or chickens not producing eggs a new chick will be purchase.
- Information regarding purchasing a new chick will also be presented to HuastecaMXToken Holders eligible to cast a vote. This will insure to all HuastecaMXToken Holders that only mature chickens that are producing eggs are the ones represented by a whole HuastecaMXToken.
- Business days Monday thru Friday not including national Holidays, Holidays information will be presented if necessary to HuastecaMXToken Holders casting votes.

**The price of the chicken** will be determined by a website of the Mexican government that will give the daily price of an average Chicken in San Luis Potosí, Mexico. That is the price that each HuastecaMXToken will represent. The website gives a daily average price of a chicken sold as food. Mexican Gov. Web Site

**Value Of The Eggs:** In Mexico, eggs are sold by the Kilo. That's about 18 eggs per Kilo. HuastecaMX Farms will produce Brown Colored Eggs, this kind of eggs are more expensive than the White Eggs.

### **Potential :**

Our project has great potential. We like to reuse a lot, and this gives us the opportunity to make more profits. These are some of the ways we will make more Profits.

1. Chicken poop is one of the best fertilizers and we can turn it into compost in a natural way. We will sell the compost and buy food for the chicken. This will help us have the Chicken food almost paid in totality.
2. The use of solar panels is another way in which we can obtain more profits. At the top of our farm, we are planning to install solar panels. In Mexico, extra solar electricity that is produced can be sold back to the electric company.
3. The workforce is another good reason to HuastecaMX Farm can make more profits. We are a workforce of 4, and it will take around 10 to 15 to take care of the farm of 100,000 chickens. The daily payment of each member is approximately USD 8 per day.

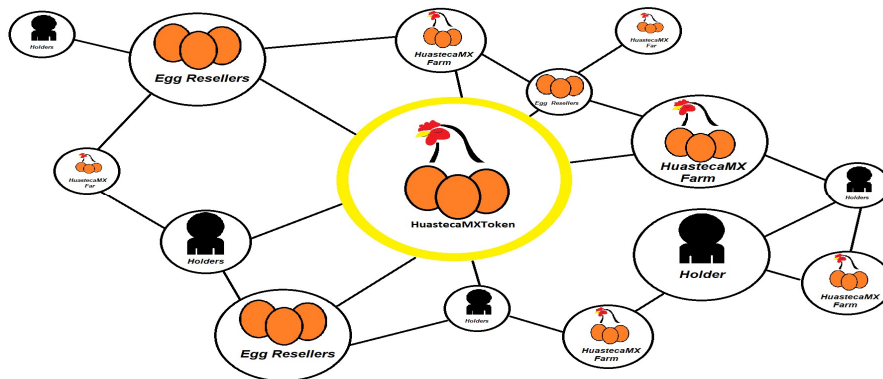

### **Why Mexico:**

1. The President of Mexico, ALMO, is determined to increase the production of agriculture in Mexico. That is the main reason to Hold HuastecaMXTokens and contribute to agriculture growth.
2. The cost of labor in Mexico is low around 8 USD per day

## 3. HuastecaMXToken Function

---

### HuastecaMXToken is a Token main functions are

1. To HuastecaMXToken be purchase in DEX with another Cryptocurrency.
2. **HuastecaMXToken Holder** sells HuastecaMXToken to **Egg Reseller** in the Huasteca Region of Mexico.
3. **Resellers** send HuastecaMXToken to **HuastecaMX farms Official Waves Wallet** to Place orders of eggs with specific information require to place their egg order.
4. **HuastecaMX farm Official Waves Wallet** will receive HuastecaMXToken from **Resellers** and in order to collect the correct amount of egg require to have order ready for delivery/ ready for pick up.
  - Egg Reseller will also receive a determine amount of eggs in exchange of HuastecaMXToken received.
  - The amount of egg exchange for HuastecaMXToken, will be determine by the price of eggs to the price of and average Chicken in San Luis Potosi.
  - The Price of Chicken will be determine by an independent Mexican Government Website, that gives out the average price of chicken sold as food in San Luis Potosi.
5. **HuastecaMX farm Official Waves Wallet** to sell HuastecaMXToken to **Egg Resellers. Only in a DEX.**

**This system in place will insure immediate order placement, Insure part of the payment for such orders of eggs. By Using the Blockchain**
